FREEHOLDERS APPROVE 2012 ROAD RESURFACING PLAN

\$6.1 Million Program To Overlay 21.4 Miles Along 16 Roads in 14 Towns

The Freeholders today reviewed County Engineer Joseph T. Brickley's \$6.1 million Annual Road Resurfacing Program plan for overlay of 16 County roads in 14 municipalities for a total of 21.4 miles.

The County would fund the project with \$4,504,000 from the annual NJ Transportation Trust Fund. The remaining \$1.6M would be funded by the County.

"We will continue to dedicate our state funds to the essential maintenance of our County roads that are in the most need of repaving," Freeholder Deputy Director Joseph B. Donnelly said. "This plan has proved to be far less costly than major reconstruction of roads if they are left in disrepair.

"At the end of the day, the safety of the motoring public remains paramount."

Utility companies and the 14 municipalities in which construction will be scheduled will be notified to avoid conflicting with any other road construction projects. The Program Plan now will be submitted to NJ Department of Transportation for its approval.

Roads are selected to be resurfaced based on the engineers' evaluation of road surface conditions.

County roads scheduled to be resurfaced in 2012 include:

- 0.6 miles of Bordentown Road (County Route 657) from Route 130 to Columbus Road (CR543) in Burlington City
- 2.0 miles of Burlington-Mount Holly Road (CR541) from I-295 overpass in Burlington Township to Route 130 in Burlington City

- more -

PRESS RELEASE – Road Resurfacing Plan – 1/11/12 – ADD ONE
