

November 4 & 18 -- SPECIES SPOTLIGHT

Learn about various species that call Burlington County Parks home! Every other Wednesday, Naturalist Kate will post a new video that highlights a local species to better understand their behaviors, natural history and/or significance in the environment. This month will focus on beavers and wild turkeys.

November 5, 2:00 PM – FUN WITH SEEDS, Virtual Zoom presentation

For children in grades 1-6. By the first week of November, there are LOTS of seeds on the ground. Go out to the park of your choice and collect as many kinds of seeds as possible off the ground from trees, shrubs, and wildflowers. Make your seed collection and then share all the different kinds you found with us on Zoom at 2:00pm on November 5 (while teachers are in service-learning). In addition to identifying the seeds everyone has, we will classify and group them according to related species and how the plants disperse their seeds. **Registrants will receive a Zoom link prior to the event. [Register online.](#)**

November 9, 1:00 PM – HEALTHY HIKE, Crystal Lake

Did you know that getting out in nature for as little as half an hour a week can help improve your overall mood as well as reduce blood pressure? Come hike along with Naturalist Kate Forte while learning about the varying habitats within the parks. **Maximum attendance limits are enforced, and masks are required. [Register online.](#)**

November 12, 7:00 PM – NATURE TRIVIA NIGHT

NEW! Every second Thursday of the month, join us live via Zoom for trivia based on nature in the Burlington County Park System. This first one will focus on how much you know about the Parks in general. **Registrants will receive a Zoom link prior to the event. [Register online.](#)**

November 17, 10:00 AM – TUESDAY TALK, Willingboro Lakes

A series of nature walks led by Naturalist Jen Bulava on select Tuesdays and Fridays. This program will repeat on Friday November 20. We will look for winter waterfowl and other migratory birds while checking out all the new features and trails at this newly upgraded park. **Maximum attendance limits are enforced, and masks are required. [Register online.](#)**

November 20, 10:00 AM – FRIDAY FORUM, Willingboro Lakes

A series of nature walks led by Naturalist Jen Bulava on select Tuesdays and Fridays. This is a repeat of Tuesday November 17. We will look for winter waterfowl and other migratory birds while checking out all the new features and trails at this newly upgraded park. **Maximum attendance limits are enforced, and masks are required. [Register online.](#)**

November 21, 9:30 AM – TURKEY TALK, Long Bridge

In the spirit of Thanksgiving, learn more about our favorite November bird. Walk the trails looking for wild turkeys and signs of turkeys, while learning about their behaviors, biology, and reintroduction into NJ. **Maximum attendance limits are enforced, and masks are required. [Register online](#)**

November 21, 12:30 PM – WILDLIFE WATCH, RSP Mt Laurel

Observe and explore the diversity of the animal kingdom in our park system. Find out where certain animals take shelter, and what tools they use to do so. Grab your binoculars and cameras to see what we will find! **Maximum attendance limits are enforced, and masks are required. [Register online.](#)**

November 24, Crafting with Nature, Virtual

Crafting with natural objects is a great way to learn about wildlife and appreciate its beauty. Naturalist Kate Forte will be posting a tutorial on our Programs and Events page using pine cones to create a unique owl and turkey craft.

November 30, 5:30 PM – MOONLIT WALK, Laurel Run

Join Naturalist Kate Forte on a moonlit walk through the park. Look and listen for signs of nocturnal animals while also gazing at the stars! **Maximum attendance limits are enforced, and masks are required.** [Register online.](#)
