

Join the County of Burlington, New Jersey
in Celebrating GIS Day at our **Map Gallery & Contest**

What is GIS?

More than one million people across the globe rely on geographic information system (GIS) technology to solve problems and make better decisions by thinking and planning geographically. GIS combines computer hardware, software, and data to collect, manage, and analyze geographic information.

With GIS, users can view relationships, processes, patterns, and trends in the form of maps, globes, reports, and charts. From mapping wildfires to finding the best location for your favorite coffee shop, GIS helps people see how the world works and changes.

What is GIS Day?

Since 1999, more than 10,000 organizations have participated in GIS Day by hosting events such as open houses, hands-on workshops, community expos, career fairs, school-wide assemblies, and mapping projects. GIS Day success is due to the hard work and dedication of GIS users around the world who see the importance of sharing their GIS knowledge with others.

How is GIS used in Burlington County?

At the County of Burlington County GIS is used by many departments for mapping, analysis, and decision making. These include Information Technology, Public Safety, Resource Conservation, Engineering, Prosecutors, Highway and Health. GIS is also used in and around Burlington County by many organizations including police, fire, EMS, planners, engineers, environmental commissions, non-profits, private companies and high school/college students. The specific use of GIS varies based on each organization's needs.

Who Should Attend?

All individuals interested in how geography, through the technology of GIS, affects your everyday life! No registration is required for this event.

Deadline to submit a map is the morning of November 27th

Event: GIS Map Gallery & Contest

Date: Thursday, November 29 – Friday, December 7, 2018

Time: 8:00 am – 5:00 pm daily on weekdays

Location: 1st Floor

Burlington County Administrative Building

49 Rancocas Road

Mount Holly, NJ 08060

Description

The Map Gallery will display maps produced by various GIS users. Contributors may include Burlington County departments, municipalities, other government agencies, non-profits, and private sector companies. Attendees are invited to vote for their favorite maps in a map contest. Voting will close December 5th.

Contest Details

Maps will be voted on in variety of categories including Most Attractive/Artistic, Most Informative, Best Overall, Best Application/Use of GIS, Best New GIS User, and Best First-time Presenter. First and second place winners will receive a certificate and will have their maps displayed on the Burlington County GIS webpage.

Maps may be sent as hard copies or emailed as PDFs or images.

Maps submitted by the morning of November 27th will also be displayed at GIS Day at Rowan College at Burlington County on Wednesday, November 28th.
