October 14	Columbus Day
November 5	Election Day
November 11	Veteran's Day
November 28, 29	Thanksgiving Holiday
December 25	Christmas

# GENERAL INFORMATION

## PURPOSE

The purpose of this course announcement is to provide interested students with important information about course offerings and the forms necessary for making application. All training will be conducted by, and at the facilities of, the Emergency Services Training Center (ESTC). Specific information on the content of each course offering is found in the pages that follow.

## APPLICATION PROCEDURE

Personnel desiring to enroll into any course must do so through their respective Chief or Training Officer. All applications must be submitted at least 10 days prior **to the commencement of the class. If the application is not filled out in its entirety, the entire application will be rejected.**

## PREREQUISITES

Some courses are structured sequentially. For this reason, prerequisites have been established for many courses so that each student will have the necessary background to gain the most from each student area. Since many courses build upon the knowledge gained in the prerequisite courses, an unprepared student will not only fail to understand some of the material, but they will also slow the progress of the entire class. **Please note that prerequisites are indicated in the course description section. Make sure your personnel are qualified for that class.**

If a person has taken a course which is a prerequisite for a course from an institution other than the ESTC, he or she must supply documentation of this at the time of application. Copies of certificates for these courses **must accompany the course application in order to receive equivalency credit for that course. Applications that do not include proof of the indicated prerequisites will be returned as incomplete.**

## DIVISION OF FIRE SAFETY

**Live Burn Regulations:** The Division of Fire Safety, Office of Training and Certification, has made it mandatory, through regulation, that you must possess a Division of Fire Safety, Firefighter I Certification in order to participate in any live fire burn training.

Students who do not possess the Division of Fire Safety Firefighter I Certification will not be enrolled into any courses at the ESTC that require this Certification.

**ProBoard / IFSAC Accreditation:** As a part of Division of Fire Safety certification, the following programs are now ProBoard and IFSAC accredited: Firefighter 1 & 2, Hazardous Materials Awareness and Operations, Fire Officer 1 & 2, Fire Instructor 1 & 2. Students that successfully complete the class, pass the written exam and skills evaluations, must apply for certification from the Division of Fire Safety.

## EMT ELECTIVE CEU PROCESS

NJDOH has instituted a new procedure for receiving Elective EMT CEU credit.

Please follow the directions below for **Elective** CEU Course registration to insure proper credit is received:

1. Complete the Burlington County ESTC Registration forms and submit as previously done.
2. Log onto the NJ Dept. of Health Learning Management website and register for the class in the LMS. [All BCESTC Courses will be listed with the ESTC Course Number and class name].
3. The website address is: [www.njoemscert.com](http://www.njoemscert.com).
4. Attend your scheduled class and sign the sign in sheets for all sessions to assure proper credit is received.

## CONFIRMATION

As a courtesy, Course confirmations will be emailed to the student approximately 20 days prior to the start of the course. The student should contact the ESTC registration office, if they have not received a course confirmation 10 days prior to the course start date.

## CANCELLATION POLICY

You will be billed for each person registered for a course. If you have to cancel a person for some reason, you may cancel up to 24 Hours before the class. If you do not notify the ESTC by that time, and the person does not show up on the first day of the class, you will be billed for that person.

## REFUND POLICY

A refund of the course fee may be processed only when the ESTC is notified in writing 24 Hours before the beginning of the first session of class. Refunds cannot be made once the class starts including drop-outs and withdrawals. A \$10.00 administrative fee will be charged for all refunds. If a student fails to attend the first session of class and is entitled to a text book, the student may pick up that text at the ESTC within 30 days, during regular business hours. (8:30 AM - 4:30 PM)

## FIRST SESSION REGISTRATION AND ATTENDANCE

Registration will be conducted at the **first class** meeting of each course and is **mandatory**. Course confirmations will be emailed to each student. Please do not send personnel to the ESTC if a confirmation has not been received. Confirmed applicants who are not in attendance for this first class meeting will be dropped from the course. We are not able to accept walk-in, non-confirmed personnel. There will be no refunds for those who fail to attend the first session. Students are responsible to sign the roster for each session to receive credit for that session. Make-up students are responsible for signing the roster with their original class number, in order to receive credit. Students shall not leave the ESTC prior to class dismissal without permission from the Instructor in charge of the facility.

## SUBSTITUTIONS / WALK-INS

- The ESTC does not permit Substitutions or Walk-ins.
- No students will be allowed in any class unless Registered and Validated

## DRESS CODES

The ESTC has instituted a dress code for attendance in classes. It is each student's responsibility to use good judgment in selecting attire that projects a professional image and is appropriate for instructional lectures or practical training.

- Instructional Lecture – (classroom) – Station Uniform. In place of station uniform, business casual (dark pants and a collared shirt) is considered appropriate. Jeans, shorts, t-shirts, open-toe shoes, and hats are not appropriate for the classroom.
- Practical Training – (outdoor hands-on) – Station Uniform & department T Shirt. In place of station uniform, jeans or workpants are appropriate. Shorts, and open-toe shoes are not appropriate for this training.

## GRADING SYSTEM

The ESTC uses two different grading systems.

- Pass/Fail
- 70 and above is passing.

## MAKEUP POLICY

Any students who have missed lessons in courses have **one (1) year from the date the lesson was missed to make up the lesson**. The procedure for make ups will be as follows:

1. The student shall check the student handout to make sure of the date of the make-up class.
2. Prior to attending the lesson, the student must call the ESTC to confirm that there have been no lesson changes and there is room in the class.
3. When signing the roster the student shall print clearly his or her:
  - a) Full Legal Name
  - b) Social security number
  - c) Number of the **original** class
  - d) Signature

## PERSONAL PROTECTIVE EQUIPMENT

The ESTC requires each student to actively participate in actual firefighting evolutions, (live-fire burns). Each student involved in live burn training must provide and wear their own personal protective equipment (PPE). The ESTC cannot loan the firefighter protective equipment to those improperly prepared. PPE shall include the complete and proper wearing of the following: approved boots, turnout coat and pants, leather gloves, helmet, eye protection and an **accountability tag**. PPE should be cleaned and fully dry prior to attending live-fire burns. Shorts/cut-offs, tank tops, or bare bodies are not permitted. The minimum acceptable body coverage is long trousers and T-shirts. Cotton shirts, pants and socks are recommended. The wearing of jewelry by students to class is discouraged. Jewelry that can be removed should be removed and secured by the student prior to participating in outdoor evolutions. The ESTC will not be responsible for lost jewelry.

## BEARDS & SELF-CONTAINED BREATHING APPARATUS

In accordance with N.F.P.A. 1500: 5-3.10, "Standard on Fire Department Occupational Safety and Health Program," and OSHA 29 CFR 1910.134 Respiratory Protection Standard, the ESTC strictly prohibits training individuals with facial hair that makes contact with the face-piece seal on positive pressure self-contained breathing apparatus in those courses where S.C.B.A. must be worn. Those students with beards or such facial hair makes contact with the face-to-face piece seal may not participate in some blocks of instruction and, therefore, cannot be given credit toward completion of those courses. Departments should ensure that students meet the training and Fit Test requirements of N.F.P.A 1404 "Standard for Fire Service Respiratory Protection and OSHA 29 CFR 1910.134.

## PHYSICAL CONDITION OF STUDENTS

No student shall be admitted to class with any physical and/or other condition that would prevent them from safely participating in class activities. No student shall be given credit for any unit of instruction in which he or she did not actively participate. No credit will be given to students who cannot actively participate in class. Students who do not actively participate in any portion of the class will not be given a certificate of completion for the class and will not be eligible to return for other courses for which the completed course is a prerequisite.

## TECHNICAL SCIENCE DEGREE PROGRAM

Through an agreement between the ESTC and Rowan College at Burlington County, the Training Center provides certain courses that earn credit toward an Associate in Applied Science Degree in Technical Science Technology awarded by the College. Please check the course offerings for the qualifying courses being offered this semester.

Students entering the Technical Science Program will complete an R.C.B.C. Application for Admission. This will be done as a part of the applicable classes.

Students who need to include ESTC courses to meet the eligibility status as a full-time student must notify the ESTC at time of registration.

For questions about the degree program, contact Danielle Epps, Director of Admissions at (856) 291-4251.

## **CLASS CANCELLATIONS**

In the event of inclement weather or other cause for the cancellation of class, the ESTC will send a message through **'E-Train'**. When possible a class email will be sent through the Senior Instructor. When in doubt contact the ESTC. **DO NOT CALL** Central Communications. For a recorded message call (609) 702-7157 ex. 3939. Notifications will be made approximately 1 hour prior to the scheduled start of class.

## **FINANCIAL RESPONSIBILITY**

Payment for tuition and/or text fees will be the ultimate responsibility of the sponsoring agency.

Payment for any and all medical related charges that may be incurred due to injury will be the responsibility of the sponsoring agency. If there is no sponsoring agency, then the student shall have the financial responsibility.

The sponsoring agency relieves the Burlington County Emergency Services Training Center; the Burlington County Department of Public Safety; the Burlington County Board of Chosen Freeholders, its employees or agents from any liability for damages including attorney's fees and costs arising out of any injury that may occur while training at the Burlington County ESTC.

Every effort has been made to ensure the accuracy of course information, dates, and times; however, changes may occur. If information regarding a course should change, an announcement will go to students /agencies/departments as soon as possible.

**Spring 2019 EMT Course Offerings**

To register, please access the following website: <http://rcbc.edu/webadvisor>.  
Please select **CREDIT STUDENT LOGIN**, then follow the prompts from there.

To Search for the EMT Courses, select the following:

Term = 2019SP – 2019 Spring  
Subjects = EMS – Emergency Med Serv

The Traditional in-class, Mon/Thu/Sat Course Number is **101**, Section **500**.  
The Hybrid Course Number is **101**, Section **700**.

Registration in person and over the phone is also available. All details are listed on the WebAdvisor homepage.

**For all other EMS Courses**, please visit the VIRTUA EMS Education Center:

<https://physicianlocator.virtua.org/NavWeb/Class>

Search for “EMS Education” and all courses should be listed there.

**BURLINGTON COUNTY EMERGENCY SERVICES TRAINING CENTER**  
Spring 2019 Course Offerings

Class times are as follows:      D = 0800 to 1630      E = 1900 to 2300      \* Fire I = 0745 to 1630  
 (\*IN CTY) = Burlington County First Responders  
 Note:      Course fees include all text and materials except as noted  
 xxx = Part of RCBC Technical Science Degree Program / ( ) = EMT Course CEU's

Attendance to all classes is mandatory for successful completion of ESTC courses. It is the student's responsibility to confirm that there are NO other course conflicts when registering for classes. There will be NO exceptions made if the student has scheduled overlapping classes.

Spring 2019 Course Descriptions

Division I

**FIREFIGHTER I  
( 7 RCBC CREDITS)**

The Firefighter I program is the beginning of the prospective firefighters training, and will provide the training, knowledge, and skills necessary to attain the MINIMUM basic requirements to perform safely as an entry level firefighter under direct supervision. This program is designed to meet the requirements of the NJ Division of Fire Safety for Firefighter I certification and follows NFPA 1001. Attendance at first class, Orientation is **MANDATORY**. A physical training session before each outdoor practical consisting of limbering, stretching, jumping jacks, push-ups, and a brisk fast paced cardio walk is **MANDATORY** for each student attending this class, in accordance to NFPA 1500. Hazardous Materials training in Awareness & Operations and CPR are part of the class and will be given on **several Saturday and Sunday sessions in which attendance is MANDATORY**. Attendance in classes for I-100/700, R.I.C. Awareness, & NJ Citizens with Disabilities Awareness is **MANDATORY** for certification in accordance with NFPA, NJDFS, & NJ State Statute. SCBA Mask Fit Tests are to be completed by the Sponsoring Organization prior to the PPE/SCBA Practical Session. **Station uniforms or dark pants and a collared shirt is mandatory wear for each indoor classroom lecture including the first night.**

**Special Note – A Representative of the Sponsoring Organization must accompany the student to the first session of the class, for administrative purposes.**

PREREQUISITE: 18 yrs old or older;  
Registrations must be completed by a Sponsoring Organization; CPR prior to end of course.

**PUMP OPERATIONS**

This course is designed for both the beginner and experienced pump operator. It meets many of the requirements stipulated by many fire companies for their pump operators. Classroom instruction includes pump and pump accessory theory, operation and duties of pump operators, and fire ground hydraulics. Practical instruction includes drafting, pump panel operations, supplying water to pumpers and aerial devices, use of large diameter hose and relay operations.

PREREQUISITE: CERTIFIED FIREFIGHTER I

**RAPID INTERVENTION CREW (R.I.C.) TECHNICIAN**

This is an advanced course for those experienced firefighters who have completed R.I.C. Operations and want to be further challenged. This 16 hour course begins with a discussion of the different strategies and tactics to be considered for a R.I.C. operation and a review of ropes and knots including basic mechanical advantage. Then the students will review the techniques used in the R.I.C. Operations course. The course culminates in extensive scenario based evolutions.

**This course is physically demanding and involves strenuous practical scenarios - only those who are physically fit should attempt this class, in addition a physical training warm-up period will take place before outdoor practical sessions. Full PPE, SCBA, Spare Cylinder are required**

PREREQUISITE: Over 18 years old, R.I.C. Operations & Certified FF1 – Min. 2 yrs.

**EMERGENCY VEHICLE OPERATIONS  
(12 EMT Elective CEU's)**

This course is designed to instill defensive driving techniques in the emergency vehicle driver for safe navigation of our highways while responding to an emergency call. "Defensive Driving" will be the core of the course with emphasis on accident cause, collision avoidance, defensive driving attitudes, driver selection and driver reaction. Vehicle maintenance inspections and record keeping will be presented and students will be provided with materials to develop records tailored to their own apparatus. A practical driving course will be negotiated by students for assessment of their skills and training need areas. Students **MUST BRING** a department apparatus for the last session day drive. This vehicle, pumper, large ambulance, rescue truck, should be the type the operator would normally use in a response. Brush trucks, passenger vans, ambulances or other small utility vehicles **are not** appropriate for this course. Department level training and certification should be done in addition to attending this course.

PREREQUISITE: CERTIFIED FIREFIGHTER I or EMT

**Burlington County Emergency Services Training Center**  
Spring 2019 Course Descriptions

Division I

***BASIC FIRE POLICE***

This course will provide the basic knowledge & skill for all newly assigned Fire Police Officers, as well as those experienced firefighters involved with traffic and crowd control at an incident scene. This program meets the New Jersey Statute 15:8-4 concerning the training of Fire Police Officers. Topics covered are: history, demeanor, personal protective gear, Red & Blue light laws, scene size-up, workplace safety. The class includes indoor classroom instruction blocks and an outdoor-practical evaluation. **In accordance with NJ Highway Incident Traffic Guidelines for the First Responder, each student is required to bring a Class II safety vest and a road flare to the outdoor practical class.**

PREREQUISITE: Over 18 yrs old & I-100/700 Certification; Registrations must be completed by a Sponsoring Organization

***CEVO III***  
***(6 EMT Elective CEU's)***

A course for operators of all types of emergency vehicles. The course will deal with understanding the basic workings of the vehicles and attaining proper driving skills for both emergency and non-emergency operations. Students attending this class **must bring** the appropriate emergency vehicle small pumper, brush truck, ambulance, utility vehicle, or other support vehicle that they will be operating for the practical evolutions. Must be F350 or comparable, or larger. Pick-up trucks and automobiles are not to be considered appropriate for this course and will not be allowed.

PREREQUISITE: CERTIFIED FIREFIGHTER I, EMT or FIRE POLICE

***ENGINE COMPANY OPERATIONS***

This course is designed to define the roles and responsibilities of the Engine Company during structural fire incidents. The classes cover initial fire attack, water supply, search and rescue, and apparatus positioning. New and experienced firefighters and officers will benefit from this course on basic engine company principle and table top exercises. Outdoor evolutions will be utilized to reinforce the lessons learned and to enhance operational skills of Engine Companies. The evolutions will include fire attack, apparatus positioning, sustaining water supply and overhaul.

PREREQUISITE: CERTIFIED FIREFIGHTER I

***FIREFIGHTER II***

The Firefighter II program takes the student through the rest of the required NFPA 1001 knowledge and skills to attain the MINIMUM basic requirements to perform safely as an entry level firefighter under direct supervision. This program is designed to meet the requirements of the NJ Division of Fire Safety for voluntary Firefighter II testing and certification. A physical training session before each outdoor practical consisting of limbering, stretching, jumping jacks, push ups, and a brisk fast paced cardio walk is MANDATORY for each student attending this class, in accordance to NFPA 1500. **This course comprises SESSIONS for DFS testing, ALL ARE MANDATORY.** This course will be utilizing the Jones and Bartlett "Firefighter Skills" Enhanced 3rd edition handbook. Station uniforms or dark pants and a collared shirt is mandatory and to be worn for each indoor classroom lecture.

PREREQUISITE: CERTIFIED FIREFIGHTER I, VEHICLE EXTRICATION I

**Burlington County Emergency Services Training Center**  
Spring 2019 Course Descriptions

Division I

***WATER SUPPLY – OPERATIONS***

This course is designed as a review of water supply, focusing on Large Diameter Hose (pipeline) and Tender Shuttle Operations. Topics include: history of LDH, Components of LDH Operations, Rural Water Supply, Components of a Water Tender Shuttle, and a review of specific terminology. There will be an apparatus review for a Pipeline Engine, and a Water Tender. An overview of the New Jersey Division of Fire Safety Neptune System will be provided. The Burlington County Pipeline and Water Tender Task Force Guidelines will serve as the operations model for the practical evolution(s).

All Fire Department Personnel will benefit from this course. Burlington County Pipeline and Water Tender Strike Team members are strongly encouraged to attend.

P.P.E for practical evolutions is required.

PREREQUISITE: CERTIFIED FIREFIGHTER I

***COURAGE TO BE SAFE...SO EVERYONE GOES HOME***

This National Fallen Firefighter's Foundation program is a provocative and moving presentation that is designed to change the culture of accepting the loss of firefighters as a normal occurrence.

Building on the untold story of line of duty death survivors, it reveals how family members must live with the consequences of a firefighter death. This presentation provides a focus on the need for firefighters and officers to change fundamental attitudes and behaviors in order to prevent line of duty deaths. The central theme promotes the courage to do the right thing in order to protect yourself and other firefighters and ensure that "Everyone Goes Home" at the end of the day.

Firefighters must have the courage to face a multitude of risks in order to save lives and protect their communities. Their courage allows them to willingly risk their own lives so that others can be saved. The challenge, 'What are you prepared to do?' is put forth to the students. A different type of courage is required to stay safe in potentially dangerous situations, avoiding needless risks and tragic consequences.

PREREQUISITE: NONE

**Burlington County Emergency Services Training Center**  
Spring 2019 Course Descriptions

Division II

***NJ DIVISION OF FIRE SAFETY – FIRE OFFICER I  
(4 RCBC CREDITS)***

This course is designed for firefighters who desire promotion to the rank of company officer; for company officers determined to remain versed in essential and innovative management, leadership and human relations methods; and for training officers responsible for teaching and developing fire officers and officer candidates. Knowledge of essential firefighting skills is assumed. The course curriculum corresponds to the requirements as set forth in N.F.P.A. 1021 (Professional Qualifications) for Level I in personnel and fire ground management. The classic supervisory functions of planning, organizing, staffing, directing, and fire ground control are discussed. The course addresses issues related to human relations such as equal opportunity employment, increased emphasis on professional development, the health and safety of the individuals within their command, and the officer's legal responsibilities to the men and women in the department and the community they serve.

PREREQUISITE: CERTIFIED FIREFIGHTER I & ICS-200

***NJ DIVISION OF FIRE SAFETY – INSTRUCTOR I***

This 40-hour course based upon IFSTA "Fire and Emergency Services Instructor," 8th edition, is designed to prepare the student to meet the job performance requirements (JPR's) contained in NFPA 1041, *Standard for Fire Service Instructor Professional Qualifications*. This course will assist the local fire company line officer charged with preparing and presenting training exercises to become strong and confident in training duties. This course will help the student understand proper procedures for preparation of a lesson and allow the student to prepare and present a lesson using various methods of instruction. The student will be able to apply the classroom instructional session in a practical format and create a means of performance evaluation. Successful completion of this program will allow the student to meet one of the requirements for New Jersey Division of Fire Safety Instructor Level I certification.

PREREQUISITE: CERTIFIED FIREFIGHTER I (Minimum 3 years)

***HEALTH AND SAFETY OFFICER  
(16 EMT Elective CEU's), (1.0 Instructor CEU's)***

This course examines the Health & Safety Officer's role in identifying, evaluating, and implementing policy and procedures that affect health and safety aspects of emergency responders. Risk analysis, wellness issues, and other occupational safety issues will be the main emphasis of this course. Individuals who have department-level health and safety responsibilities should attend this course. Persons attending should have a working knowledge of the Incident Command System, applicable NFPA, OSHA, State and Local requirements and recommendations, and responsibility for setting policy for the department on such issues.

PREREQUISITE: CERTIFIED FIREFIGHTER I OR EMT

***ICS TOOLS & TIPS: PERSONNEL  
ACCOUNTABILITY (3 EMT Elective CEU's)***

This course is designed to provide the student with the knowledge and skills necessary to operate safely on the emergency scene. Using the Burlington County Personnel Accountability guideline as a model, Firefighters, EMTs, driver operators, paramedics, Company Officers, and Chief Officers shall provide for personnel accountability. Classroom instruction with table top exercise will be utilized during this program. Students will participate in multi-discipline scenario evolutions working in various operational and supervisory positions. The target audience for this training is all first responders.

PREREQUISITE: I-200 & EMT, FIRE POLICE or CERTIFIED FIREFIGHTER I

***INCIDENT COMMAND SYSTEM I-200  
(12 EMT Elective CEU's), (1.0 Instructor CEU's)***

Basic ICS – ICS for Single Resources and Initial Action Incidents. This course is designed to enable personnel to operate efficiently during an incident or event within the Incident Command System (ICS). This course focuses on the management of single resources. I-200 provides training on and resources for personnel who are likely to assume a supervisory position within the ICS.

PREREQUISITE: CERTIFIED FIREFIGHTER I, EMT, POLICE OFFICER, or OTHER FIRST RESPONDER

# Burlington County Emergency Services Training Center

Spring 2019 Course Descriptions

## Division II

### **INCIDENT COMMAND SYSTEM I-300 (18 EMT Elective CEU's), (1.5 Instructor CEU's)**

Intermediate ICS for Expanding Incidents for Operational First Responders. This course provides training on and resources for personnel who require advanced application of the Incident Command System. The target audience for this course includes individuals who are expected to perform in a supervisory or tactical level management role at an incident or event. This includes individuals who may serve as Division / Group Supervisors, Branch Directors, Strike Team or Task Force Leaders, Unit Leaders, or multi-agency coordination system/emergency operations center (EOC) staff.

**PREREQUISITE:** ICS-200 and have management or supervisory background in emergency services.

### **INCIDENT COMMAND SYSTEM I-400 (16 EMT Elective CEU's), (1.0 Instructor CEU's)**

Advanced ICS for Command and General Staff, Complex Incidents and MACS for Operational First Responders. This advanced program is designed for senior personnel who are expected to perform in a management capacity in an Area Command or multi-agency coordination system. This course is designed to provide overall incident management skill rather than tactical expertise. This course builds on the ICS 100 through ICS 300 courses. This program will include several group exercises and scenarios.

**PREREQUISITE:** Completion of a classroom based ICS-300 program. Completion of the FEMA Self Study course IS-800.b (The National Response Framework, An Introduction). The ESTC will review all applicants prior to admitting into class.

### **TRAINING OFFICER TOOLS & TIPS – PRESENTING THE DEPARTMENT LEVEL FIREFIGHTER RECRUIT ORIENTATION (.25 Instructor CEU's)**

This course provides the fire department training officer with the background and tools to present an effective Recruit Orientation for entry into the Department and the ESTC Firefighter I program. Topics include: Department/Company history, organization, chain of command, duties and responsibilities, PEOSHA and Right to Know. Participants will be supplied with a suggested standard outline of the program in the PowerPoint format.

**PREREQUISITE:** CERTIFIED FIREFIGHTER I, DEPARTMENT / COMPANY TRAINING OFFICER or CERTIFIED INSTRUCTOR

### **STRUCTURAL FIREFIGHTING – STRATEGY and TACTICS (3 RCBC CREDITS)**

This course is designed to meet the needs of firefighters looking to gain the knowledge to manage the operation of companies in structural firefighting operations. This course will cover information that will assist fire science technology students in continuation of higher education goals and their employment in the fire service. Through the use of lecture, videos, class discussions, class projects and research papers, the students will perform an analysis of the nature of fire problems and the selection of initial strategies and tactics including an in depth study of efficient and effective use of manpower and equipment to mitigate the emergency. The students will: identify potential scenarios in various fire situations; implement strategies and tactics; and describe components of the incident management system. Students will demonstrate that course objectives have been met through the use of class discussions and test taking.

A Live Burn Practical Evolution is included as part of this program. Full PPE and SCBA are required. Essential firefighting skills are assumed, as is an understanding of the incident command system.

**PREREQUISITE:** CERTIFIED FIREFIGHTER I, ICS-200 & FIRE SERVICE CONSTRUCTION PRINCIPLES

# Burlington County Emergency Services Training Center

Spring 2019 Course Descriptions

## Division II

### **NJ DIVISION OF FIRE SAFETY – DRILL GROUND INSTRUCTOR**

**(.5 Drill Ground Instructor CEU's)**

This New Jersey Division of Fire Safety course is designed to ensure that Fire Service Instructors know and understand the safety issues inherent in each of the subject areas of firefighter training. Instructors must be capable of demonstrating the proper methods of identifying and correcting an unsafe situation as it occurs. Instructors must also demonstrate a knowledge of equipment and apparatus maintenance and safety procedures since well-maintained equipment is necessary to do the job safely and effectively.

This course is required for those fire service instructors that wish to teach specified modules in the Firefighter I course in the State of New Jersey. This course will provide the Instructors with a basic understanding of live burn and SCBA / Smoke House instructional safety concerns for Fire Service Instructor activities and student performance. It will include: a) General safety concerns, b) A review of the training approach, c) Terminology related to live burn and SCBA/Smokehouse safety, d) Preparation and presentation parameters, e) The students control process, f) Safety assessment of evolutions.

Successful completion of this program will allow the student to meet one of the requirements for New Jersey Division of Fire Safety Instructor certification.

PREREQUISITE: NJ DFS CERTIFIED INSTRUCTOR 1 or 2

### **FIRE DETECTION & SUPPRESSION SYSTEMS**

**(1.0 Technical FI/FO CEU's), (3 RCBC CEU's)**

This course provides a technical study of typical automatic signaling and detection devices, and special hazard fire suppression systems. This course will also include hazard analysis, hardware, some hydraulic calculations, system specifications, code compliance relative to design criteria and final acceptance. Taught at the college level, this course is part of the B.C.C. Fire Science Degree program and includes weekly quizzes and a final exam.

PREREQUISITE: CERTIFIED FIREFIGHTER I

### **QUALIFIED TRAINING OFFICER INITIAL (Q.T.O.)**

**(.25 Instructor CEU's)**

The ESTC will conduct a Qualified Training Officer (QTO) training program for all organizations who will utilize the Fire Training Grounds (FTG) to perform various emergency training activities. This program will outline the Duties and Responsibilities of the QTO. Areas of responsibility for the QTO include: Class "A" Burn Building, Tower, Smoke House, Above Grade Confined Space Tunnel, Drafting Area, Roof Simulator, and Practical Area in Main Building. Students are required to bring full PPE and SCBA.

An overview of the operational guidelines for the Flammable liquid pad, Class "B" Burn Building, Automobile Fires and Highway tank cars. Included in this overview will be a review of the guidelines and scheduling of Flashover Training. All regulations and facility paperwork will be reviewed.

A current QTO must be present (minimum of one) on the Fire Training Grounds to conduct your organization's training sessions. To be placed on the QTO list, each Emergency Service Organization must send any officer, instructor or member who will be responsible for conducting training activities as listed above. To remain current students must attend, an approved Q.T.O. update at least 1 time every three years.

In the absence of a Qualified Training Officer, the training session may be postponed or cancelled.

PREREQUISITE: CERTIFIED FIREFIGHTER I (Minimum 3 years)

# Burlington County Emergency Services Training Center

Spring 2019 Course Descriptions

## Division II

### **QUALIFIED TRAINING OFFICER UPDATE (Q.T.O.) (.25 Instructor CEU's)**

The ESTC will conduct a Qualified Training Officer (QTO) training program update for individuals who previously completed a Q.T.O program. This program will review the Duties and Responsibilities of the QTO. All regulations and facility paperwork will be reviewed.

An overview of the operational guidelines for the Flammable liquid pad, Class "B" Burn Building, Automobile Fires and Highway tank cars. Included in this overview will be a review of the guidelines and scheduling of Flashover Training

A current QTO must be present (minimum of one) on the Fire Training Grounds to conduct your organization's training sessions. To be placed on the QTO list, each Emergency Service Organization must send any officer, instructor or member who will be responsible for conducting training activities as listed above. To remain current this program must be attended at least 1 time every three years.

In the absence of a Qualified Training Officer, the training session may be postponed or cancelled.

**PREREQUISITE:** CERTIFIED FIREFIGHTER I  
(Minimum 3 years) & previously  
attended the Full QTO Program

### **COURAGE TO BE SAFE...SO EVERYONE GOES HOME**

This National Fallen Firefighter's Foundation program is a provocative and moving presentation that is designed to change the culture of accepting the loss of firefighters as a normal occurrence.

Building on the untold story of line of duty death survivors, it reveals how family members must live with the consequences of a firefighter death. This presentation provides a focus on the need for firefighters and officers to change fundamental attitudes and behaviors in order to prevent line of duty deaths. The central theme promotes the courage to do the right thing in order to protect yourself and other firefighters and ensure that "Everyone Goes Home" at the end of the day.

Firefighters must have the courage to face a multitude of risks in order to save lives and protect their communities. Their courage allows them to willingly risk their own lives so that others can be saved. The challenge, 'What are you prepared to do?' is put forth to the students. Division III

**HAZ-MAT AWARENESS**  
**(4 EMT Elective CEU's)**

Hazardous Materials "Awareness" is the first of the courses designed to meet O.S.H.A. C.F.R. 1910.120 and N.F.P.A. 472 for the First Responder. Training for those persons, who in the course of their duties, may be the first on the scene of a Hazardous Materials Incident. This four-hour course is aimed at first responders (police, firefighters, and E.M.S.). The areas covered in the course include health and safety, detecting the presence of Hazardous Materials, the U.S. D.O.T. Emergency Response Guidebook, scene management, roles and notification responsibilities of municipal, county and state organizations. This Level I First Responder Awareness is offered to anyone who needs the annual refresher training and/or has not had initial training.

PREREQUISITE: NONE

**HAZ-MAT EMERGENCY RESPONSE LEVEL II OPERATIONAL**  
**(8 EMT Elective CEU's)**

Hazardous Materials "Operations" is the second level of Haz-Mat training and designed to meet O.S.H.A. C.F.R. 1910.120 and N.F.P.A. 472 for the First Responder. Training for those persons, who in the course of their duties, may be called upon to respond to the scene of a Hazardous Materials Incident. This eight-hour course is aimed at first responders (police, firefighters, and E.M.S.). The areas covered in the course include health and safety, detecting the presence of Hazardous Materials, chemical properties, basic decontamination, PPE selection & limitations, scene management, appropriate defensive actions, and notification responsibilities of municipal, county and state organizations.

PREREQUISITE: HAZ-MAT AWARENESS

**CONFINED SPACE AWARENESS**  
**(4 EMT Elective CEU's)**

Confined Space Awareness is another component in the Hazardous Materials Emergency Response courses being offered at the ESTC. All persons attending this course will be able to identify confined spaces and recognize their potential and related hazards. In addition, students will also learn state and federal standards for confined spaces, safety standards for entry into and working in a confined space, and be able to describe the purpose of the lockout/tagout program. This course is a prerequisite for Confined Space Operations.

PREREQUISITE: 18 yrs old, NJ OEMS EMT OR CERTIFIED FIREFIGHTER I

**CONFINED SPACE OPERATIONS**  
**(8 EMT Elective CEU's)**

First responders must be aware of confined space recognition and entry training to prepare for routine station assignments and emergency operations. This course will enhance the training learned in the Confined Space Awareness course and give the student an opportunity to work in a classroom and hands-on training environment. We will be utilizing the below grade training scenario and other facility training aids to simulate the situations the rescuer will experience during confined space operations. The subject material will include Confined Space Recognition, Chemical and Physical Hazard Recognition, Air Monitoring, Ventilation and Inerting, Lock-out/Tag-out and Isolation, Introduction to Trench Operations, Temperature Stress, Noise Reduction, PPE, Rescue Considerations and Rigging, case study reviews, and the regulatory standards governing confined space work. The student should be proficient in the use of S.C.B.A. and P.P.E., have a basic knowledge of ropes and knots, and be able to perform rescue duties in restricted quarters.

PREREQUISITE: CONFINED SPACE AWARENESS,  
18 yrs. old & EMT OR CERTIFIED  
FIREFIGHTER I

**Burlington County Emergency Services Training Center**  
Spring 2019 Course Descriptions

Division III

**VEHICLE EXTRICATION I**  
**(26 EMT Elective CEU's)**

This course provides the Fire and Emergency Medical Service Responder with a knowledge and awareness of the challenges that surround a Motor Vehicle Rescue. The subjects that will be covered include Terminology and Vehicle Science, Safety Hazard Control, Stages of Vehicle Rescue, Kinetics of Trauma, Extrication Techniques, Stabilization, Hydraulic Rescue Systems, and Preventative Maintenance. The course will focus on the fundamental principles and practices of vehicle rescue and will be generic to all brands of power hydraulic tools. The course will include both classroom and hands-on exercises with various types of rescue equipment.

PREREQUISITE: CERTIFIED FIREFIGHTER I  
OR NJ OEMS EMT

**ROPES: RAPPELLING**

This course is designed to give individuals their first step into rope access and how to work at heights off of ropes. Students will learn the basics of rappelling down fixed rope systems with several devices and perform skills while tied-off in a rope system. Students that register for this course should not be afraid of heights and must have knowledge of knots and ropes that they will be utilizing in the course. Limited spaces provide for more 1-on-1 instruction in the skills portion of this training. Harnesses are provided for students.

Gear required for this program is a pair of leather work gloves, eye protection, proper foot wear, and an OSHA approved safety helmet.

Proper classroom attire will be adequate for the practical portion of this training.

PREREQUISITE: CERTIFIED FIREFIGHTER I,  
LAW ENFORCEMENT, OR  
NJEMT

**FLASHOVER RECOGNITION TRAINING PROGRAM**  
**– FIRE DYNAMICS**

The Flashover Simulator is a training aide where fire behavior can be observed by Fire Fighters at a safe distance below the fire floor. With safety being paramount, Instructors will demonstrate basic fire behavior using Class A combustibles. With fire not being influenced by artificial or individual factors makes this the most cost effective, realistic fire training available. Fire Fighters will be able to witness a fire grow from the incipient stage to flashover conditions. As the combustibles burn, the interior instructors will have the ability to control the conditions inside the simulator through the combined use of ventilation and "penciling of water." It is through this management that firefighters are able to experience a safe observation of a flashover.

This course is designed to familiarize students with fire conditions know as a flashover. This will be accomplished through a one hour classroom session, full PPE inspection and hands-on training in the flashover simulator.

Students must hydrate prior to, during, and after the prescribed burns. All students must have their gear cleaned and fully dry prior to attending this course. Full PPE, SCBA with cylinder, and drinking water is required to take part in this training. NO SHORTS will be permitted. Cotton shirts, pants, and socks are highly recommended as acceptable clothing. Weather is a factor in conducting this training, rainy weather of any type will be a cause to reschedule the burns.

PREREQUISITE: CERTIFIED FIREFIGHTER I

# **Burlington County Emergency Services Training Center**

## **Division IV**

### ***HEARTSAVER AED CPR***

The Heartsaver® CPR AED course is intended for all individuals who may have a need to respond to an emergency in the workplace, and family members of patients at high risk for sudden cardiac death. The Heartsaver® CPR AED course is also intended for all individuals who may have a duty to respond to a cardiac emergency because of job responsibilities or regulatory requirements, in the NON – Healthcare setting.

PREREQUISITE:        NONE

### ***BLS FOR HEALTHCARE PROVIDERS CPR (2 EMT Elective CEU's)***

The BLS course teaches the skills of CPR for victims of all ages, use of an AED on adults and children, and relieving of FBAO in responsive and non-responsive victims. The course is designed for healthcare providers who care for patients in a wide variety of settings, both in and out of the hospital. This course is based on the 2015 ECC Guidelines.

PREREQUISITE:        NONE
